

Network

Map Network Drive on Windows 7

Please refer to the screenshot below.

1. Click on the **Start** menu and
2. Choose **“Computer”**
3. Click on **“Map Network Drive”**
4. Choose the appropriate drive letter for **“Drive”**
 - In this case we will be using **S:**
5. In the **“Folder”** field, enter the appropriate path:
 - **\\intrans-luigi.intrans.iastate.edu\SHARE**
6. Ensure that **“Reconnect at logon”** is checked
7. Click **Finish**
