Iowa LTAP & Partner Workshops

Countermeasures for Pedestrian Safety. *Wednesday and Thursday, 8/26 and 8/27 at 10:00 AM.* This workshop will focus on proven and innovative safety countermeasures that directly impact pedestrian safety. This includes passive (e.g., enhanced markings) and active (leading pedestrian interval signal) improvements and designs (road diets). The countermeasures that will be discussed are applicable in a variety of urban and rural settings. For more information and to register and receive access information to this Webex Training, please go to <https://iowaltap.iastate.edu/events/pedestrian-countermeasures/>

Underground Utilities Construction Inspectors School. *2nd Friday monthly, October 2020 to May 2021 at 7:30 AM.* In cooperation with the MN Chapter of APWA, Iowa LTAP is happy to offer this partnership workshop that will start off virtually and adjust as needed. Please ignore all the current on-site information, including the capacities, noted on the registration page for Iowa. The registration links are at <http://www.apwa-mn.org/events-education/education-training/underground-utilities>

Recordings & Online Course Databases

Iowa LTAP Recordings. The recordings for the Roadside Safety Basics and the Local Agency Bridge Innovation and Demonstration Days are available (as are almost all our online efforts) on our website at <https://iowaltap.iastate.edu/webinars/>

NHI, ITE, and TC3 Trainings. There are many free online trainings that have been made available through the FHWA Center for Local Aid Support agreements with NHI, ITE, and AASHTO. Links to these can be found at <https://iowaltap.iastate.edu/web-based-training-opportunities/>

Searchable Online Training Database. The National LTAP & TTAP Association developed a long list of online courses that are available throughout the United States. It can be found at <https://nltapa.org/searchable-database/>
