

BIWEEKLY RESOURCE PAGES

(All Times Central, 10/27/2020)

Iowa LTAP & Guest Speaker Webinars

Effective Communication in Work Gone Virtual. *Friday, 10/30 at 12:00 PM.* Guest Speaker: Monica Ghosh, Institute for Transportation (InTrans). Monica works to increase tech transfer effectiveness and reach. She will talk about how local agencies and LTAPs can guide the continuing change to virtual communication. This webinar calls attention to several communication risks associated with work gone virtual as well as shares more than a dozen resources. For more information and to register and receive access information to this Webex Training, please go to <https://iowaltap.iastate.edu/events/virtual-communication-webinar/>

Addressing Work Zone Speed and Safety. *Friday, 11/6 at 9:30 AM.* Guest Speaker: Dr. Shauna Hallmark, Institute for Transportation (InTrans). This 90-minute workshop will discuss the effectiveness of various work zone countermeasures used to reduce speeds and address crashes in work zones. General countermeasures, such as dynamic speed feedback signs and transverse rumble strips, are presented along with the impacts of other work zone features on speed and driving behavior. For more information and to register and receive access information to this Webex Training, please go to https://iowaltap.iastate.edu/events/workzone_speed/

Incorporating Safety into Projects. *Thursday, 11/12 at 12:00 PM.* David Veneziano, Iowa Safety Circuit Rider. This webinar will discuss applying the principles of road safety assessments and general observations to identify safety improvements that can be made during general maintenance operations and rehabilitation/reconstruction projects. For more information and to register and receive access information to this Webex Training, please go to <https://iowaltap.iastate.edu/events/incorporating-safety-webinar/>

Reading the Road for Safety. *Friday, 11/20 at 12:00 PM.* Keith Knapp, Iowa LTAP Director. This webinar will show participants how to “read the road” for safety, as well as the importance of doing so in daily activities. It will use real world examples on different roadway components to demonstrate how participants may be able to uncover potential safety issues during their routine daily activities. For more information and to register to receive access information to this Webex Training, please go to <https://iowaltap.iastate.edu/events/reading-the-road-webinar/>

Local Road Safety & Bridge Inspection Workshops

Virtual Local Road Safety Workshop. *Tuesday, 11/17 at 1:30 PM.* This 2-hour multidisciplinary workshop will feature different roadway safety topics from an engineering, law enforcement, and planning perspective. Subjects will include roundabout safety, pedestrian safety, distracted and impaired driving, rural roadway departures, roadside safety, and Iowa sources of funding for programs/improvements. For more information and to register, please go to <https://iowaltap.iastate.edu/events/lrs-2020/>

Safety Inspection of In-Service Bridges. *5/10 to 5/21, 2021 at 8:00 AM.* A detailed description of this course is on the National Highway Institute website. For more information and to register, please go to <https://iowaltap.iastate.edu/events/2021-safety-inspection-of-in-service-bridges-2-week-nhi-course-130055/>

Collaboration Workshops & Conferences

Modern Roundabouts: Designed for Safety. *Thursday, 10/29.* Instructor: Dr. Hillary Isebrands, FHWA. This virtual workshop highlights the benefits of modern roundabouts and gives participants the fundamental knowledge needed to plan, design, and review roundabout projects. This is an introductory level course with a

blend of technical and non-technical planning, design, and operational considerations. Approximately 5 seats remain open. To sign up, contact David Veneziano at dvenez@iastate.edu or 515-294-5480.

Iowa APWA Fall Conference. *Wednesday and Thursday, 11/4 and 11/5 at 1:00 PM.* The Iowa APWA Chapter and Iowa LTAP are working together to offer Iowa APWA Fall Conference. This is a free event and an agenda and registration can be found at https://events.bizzabo.com/2020APWA_IChapterVirtualFallConference

Webinars by Others

FHWA Innovation Exchange: ROUTES Toolkit/Funding Strategies. *Thursday, 10/29 at 12:00 PM.* For more information and for a registration link, please go to <https://iowaltap.iastate.edu/fhwa-webinars-innovation-exchange/>

Asphalt Roads: Common Maintenance Problems (From NJ LTAP). *Wednesday, 11/4 at 7:30 AM.* For more information and to register, please go to <https://cait.rutgers.edu/event/njltap-asphalt-roads-common-maintenance-problems/>

CP Tech Center Webinar Program. *Tuesdays, 11/17 and 12/15 at 12:00 PM.* Construction, Life-Cycle Cost Analysis in Pavement Design (LCCA) (11/17) and Concrete Pavement Thickness Design and Slab Geometry (12/15). For more information and to register, please go to <https://go.acpa.org/cp-tech-center-2020>

2020 AASHTO TSP-2 Bridge Preservation Webinar Series. To register, go to this link:

- Panel: Bridge Preservation Using Preventative Maintenance/On-Demand Contracts (*Thursday, 10/29 at 12:30 PM*): <https://attendee.gotowebinar.com/register/4171989529010185231>

2020 AASHTO TSP-2 Pavement Preservation Webinar Series. *Monday 11/9 (Southeast) and Tuesday 12/1 (Northeast).* To register, go to these links:

- Southeast: <https://attendee.gotowebinar.com/register/9126147030754143756>
- Northeast: <https://attendee.gotowebinar.com/register/7453818432209174796>

EDC Virtual Summit. *Tuesday to Thursday, 12/8 to 12/10 at 12:00 PM.* For more information and to register, please go to <https://www.labroots.com/ms/virtual-event/fhwa-everyday-counts-6-virtual-summit>
