minutes

## **Aurora Special Project Meeting October 22, 2009 - Conference Call**

### **Individuals Participating:**

Max Perchanok, Ontario MTO  
Gabriella Castellan, Ontario MTO  
Scott Roeder, Ohio DOT  
Mike Adams, Wisconsin DOT  
Jeff Tilley, UND  
Chris Albrecht, Iowa State University

### **Meeting Highlights:**

- The purpose of this meeting was to discuss whether or not Aurora Project 2000-01 should be continued or rolled into a bigger project.
- To start, there was considerable discussion about the need to incorporate the risk element into this analysis, which MDSS does include.
- As a result of the discussion, the group determined Gabriella Castellan would be utilized as much as possible until May 2010 to continue the effort as initially planned.
- Specifically, Gabriella would take the literature review completed in 2000 and make the necessary updates. Jeff Tilley and Mike Adams offered their assistance, if needed.
- Gabriella would also be contacting approximately 10 agencies to acquire the data identified by CTRE staff, then would work on analysis of the data.
- This limited analysis would get things rolling, it was agreed.
